JORDAN

LW Flooring Online Ordering has made ordering so much quicker and easier than ordering over the phone. It is easy to sign in and maneuver through the website to place the orders in a timely manner. The process is very self-explanatory and easy to follow. It gives you access to all materials and accessories. We will definitely be using the Online Ordering from now on.

CARRIE

The LW Flooring customer service personnel are top notch without a doubt and we've had ZERO issues. We began using the online portal with LW once it became available. This is such a game changer. We can access inventory and place orders seamlessly. Confirmations are provided and orders are processed promptly and accurately. We highly recommend fellow flooring companies/dealers to utilize this service."

International Wood Floors, Inc

SHIELA

"I absolutely love using the website portal! It is easy, self-explanatory and saves me time from making phone calls. I wish they all were this easy!"

PK Floors Plus

KAYLA

"...since the addition of the order tab, it has become one of my most used websites. The ordering process is seamless. You search/find the product, follow the prompts to complete your order, and are given a reference number once the order is submitted. I have no suggestions on how the ordering process could work better. I will continue to use it on a daily basis."
